OBJECTIVE

Software Engineer with a strong foundation in AI/ML, full-stack development, and computer vision. Proven ability to design, develop, and deploy scalable applications with a focus on performance and user experience. Seeking a developer role to leverage technical expertise, problem-solving skills, and innovation to build impactful solutions.

EDUCATION

B. Tech in AIML	DKTE Society's Textile & Engineering	2023-2027
HSC 65.5%	DKTE Science Academy	2021-2023
SSC 80%	Mount Litera Zee School	2014-2021

SKILLS

Technical Skills:

- **Programming:** C, C++, Java, Python, MySQL | **Web:** HTML, CSS, JavaScript, Node.js, Angular, Express, ReactJS, Typescript, Three.js, AWS
- **Core & Tools:** Machine Learning, Computer Vision, Web Development | OpenCV, Flask, Blender, Git, REST APIs, Firebase, Supabase

Soft Skills: Problem Solving, Teamwork, Communication, Presentation.

EXPERIENCE

Freelancing @TextileGuru

March-2025

- Developed a comprehensive e-learning platform for textile students with structured audio lessons, interactive fabric knowledge modules, and real-world case studies.
- Enhanced website performance and user experience, significantly increasing student engagement and repeat usage.

Internship @Sunbeam

5 Dec 2025 - 5 Jan 2026

- Built a full-stack Generative AI chatbot from scratch using Streamlit, web scraping, ChromaDB (vector database), and LLM integration, enabling intelligent, real-time responses.
- During my internship at Sunbeam Infotech, I strengthened expertise in prompt engineering, vector search, and end-to-end AI application development.

PROJECTS

- **ThreadCounty:** Built a machine learning model for accurate warp and weft thread counting using computer vision techniques. Integrated OpenCV-based image processing for automated textile inspection. It's a SaaS service and also an app for real-time analysis and user interaction. ([Live demo](#))
- **NotesPathv:** A structured digital notes platform that enables easy access to study materials and improves learning and revision. ([Live demo](#))
- **3D Portfolio Website:** Created with Three.js and ReactJS, showcasing interactive 3D designs and web development skills. ([Live demo](#))

EXTRA-CURRICULAR ACTIVITIES

- Participated in national-level paper presentations at TEXQUEST 2026 (ICT, Mumbai)
- Participated in national-level paper presentations at VASTRA 2026 (VJTI, Mumbai)
- Winner – Best Innovation, Shark Tank (MANEDGE 2026)
- 2nd Runner-Up – Paper Presentation, Textvision & Fashionova 2026

LEADERSHIP

Technical Director of AISA (Artificial Intelligence Students Association, AIML), leading website development, backend systems, and data management to ensure seamless digital operations.
